Empty Shell is Found in Cottage Where She Was Slain.

MOUNTAIN VIEW, N. H., Oct. 3. — An empty shell which fitted an automatic pistol was found yesterday in the ruins of the burned cottage of Mrs. Florence A. Small, who was murdered Thursday night, according to High Sheriff Arthur Chandler.

Funeral services for Mrs. Small were held yesterday in the Congregational church at Center Ossipee. The only floral offering on the coffin was a wreath marked "love" from Frederic L. Small, her husband, who is held without bail on a charge of first degree murder.

THE HETTY GREEN ESTATE IS LARGEST

Is Assessed on \$20,000,000 of Personal Property by New York City Officials.

NEW YORK, Oct. 3. — The tentative tax list of New York city on real estate for 1917 made public yesterday shows a total assessed valuation of nearly \$8,000,000,000. The tentative assessment on personal property is placed at \$500,000,000. Figures given out yesterday afternoon showed that real property of this city, according to the tax books, is worth \$7,833,875,536 which is a net increase of \$51,405,837 over the assessment of last year.

The largest personal property valuation is that of the Hetty Green estate \$20,000,000. Mrs. Green was rated as the richest woman in the world. The next largest personal estate is that of Anthony N. Brady, \$15,000,000 and then follow those of J. P. Morgan and Charles W. Harkness with \$10,000,000 each.

Sylvia H. G. Wilks and Edward H. R. Green, daughter and son of Mrs. Green, lead the individual personal property list with \$10,000,000 each. John D. Rockefeller, Edward S. Harkness and Mary W. Harkness follow with \$5,000,000 each. William K. Vanderbilt is credited with \$2,000,000.

MORE RAILROADS FOR CHINA.

New \$60,000,000 Loan Will Give Country 6,000 Miles.

WASHINGTON, Oct. 3. — Details of the proposed new American \$60,000,000 loan for railroad construction in China twice the size of any previous similar loan and arranged with a view to increasing the republic's total railroad mileage by 50 per cent were disclosed here yesterday by David H. Rose, counsel for the American interests, after the publication of despatches from Peking indicating conclusion of the agreement. Mr. Rose was present during most of the negotiations and drew up the contract which now has been signed.

Under the agreement the Sincere Company of St. Paul, Minn., contracts to construct as soon as possible with money provided by the American International corporation 1,500 miles of railroads through the richest parts of China and obtains an optional contract to build another 1,500 miles later. China at present has but 6,000 miles in the whole empire.

Surprise over the announcement of such a tremendous project was expressed here for the recent failure of a \$20,000,000 loan to the Chinese government because American financiers could get better terms abroad seemed to show rapidly among bankers here toward development in China.

KEENE QUARANTINE DEMOVED.

No Case of Infantile Paralysis and Children Return to School.

(Special to The Reformer.)

KEENE, N. H., Oct. 3. The epidemic of infantile paralysis in Keene has been wiped out and at the present time there are no cases in the city. The placards on the houses where there were cases have been removed. There were a number of houses quarantined where the children had been known to have played with children who had the disease, and the quarantine on these houses has been taken off. A number of pupils in the elementary grades, who had been remaining at home on account of the plague, returned to school Monday.

MANY CATTLE DIE IN FIRE.

Several Hundred Head Burn to Death in Cleveland Stock Yards.

CLEVELAND, Oct. 3. — Several hundred head of livestock, two acres of sheds and large quantities of feed were destroyed by fire at the Cleveland Union stock yards here yesterday afternoon. The loss will be about \$350,000. Many carloads of cattle were saved by being hauled from the danger zone and hundreds of others in pens were released by employees and are now roaming the entire west side of the city.

President George Murphy of the yards, says he believes the fire was of incendiary origin.

BIG FRUIT SHOW  
COMING TO VERMONT

New England Exhibit to Be Held in Connection with Vermont Society

\$1,000 IN PREMIUMS FOR THE EXHIBITORS

Date of the Meeting November 14 to 18, in City Hall, Montpelier—George D. Aitken of Putney Member of Committee in Charge.

MONTPELIER, Oct. 3. — The premium list of the New England Fruit show in connection with the Vermont Horticultural society, which is to be held in the city hall November 14 to 18, with \$1,000 in premiums for exhibits of fruits and vegetables, has been issued and distributed.

Secretary F. Howard Brown of Marlboro, Mass., urges early entries and no entries will be accepted later than November 8, six days before the opening of the show. All exhibits must have been grown in New England states, the purpose of the show being to encourage better methods of production and marketing and to call attention to the possibilities of commercial fruit culture in New England.

Following is the list of speakers, demonstrators and judges for the joint sessions to be held: Prof. U. P. Hedrick of Geneva, N. Y., experiment station lecturer and judge; Prof. W. T. Macoun, Dominion horticulturist, lecturer and judge; Ottawa; Wilfred Wheeler, lecturer and judge, secretary Massachusetts board of agriculture, Boston; E. S. Brigham, lecturer, state commissioner of agriculture; Dr. J. K. Shaw, lecturer and judge, Massachusetts Agricultural college, Amherst, Mass.; Prof. G. H. Gourley, lecturer, New Hampshire state college; Prof. B. F. Luntan, lecturer, University of Vermont; Prof. A. F. Hawes, state forester, lecturer; Prof. P. B. Jenks, lecturer, University of Vermont; W. C. Stone, demonstrator, Vermont experiment station; S. Hargraves, demonstrator, Vermont experiment station; Miss Bessie H. Thayer, demonstrator in home economics, University of Vermont extension service; George W. Perry, lecturer, ex-president Vermont Horticultural society, Chester; E. L. Ingalls, lecturer, state agent in charge of boys and girls club work, University of Vermont; F. H. Abbott, lecturer, Washington county agricultural agent, Barre.

The show is to be held under the auspices of the Montpelier board of trade which offers \$500 for premiums and other expenses and 20 individual premiums are offered.

The special committee in charge is George D. Aitken, Putney, E. H. West, Dorset, M. B. Cummings, Burlington, J. B. Estee and H. J. Conant, Montpelier.

WINS LONE BATTLE  
WITH 22 GERMANS

Canadian Kills or Wounds 21 of Attacking Party and Takes Only Survivor as Prisoner.

OTTAWA, Ont., Oct. 3. — A tale of a Canadian corporal in France who single handedly charged a party of 22 Germans advancing to an attack and killed or wounded all of them except one, whom he took prisoner, is related by the official Canadian "eye witness" in a despatch received yesterday.

"As a result of further severe fighting the Canadians have captured several important German positions and have advanced their own line upon a frontage of nearly two miles to a maximum depth of 900 yards," said the despatch.

"Our artillery support has been magnificent and by sheer weight of metal our gunners have made it humanely possible for the infantry to come into close contact with the enemy. Time and time again with the bayonet our men have rushed an enemy trench and have killed or captured the entire garrison."

"In the course of all this desperate fighting there have been innumerable instances of the most courageous and devoted actions, but the case of a corporal of an Eastern Ontario battalion is one of the most extraordinary ever recorded. The battalion had captured a line of German trenches when a party of the enemy, consisting of two officers and 20 men, began a counter-attack."

"The corporal advanced alone against the whole party, emptied his revolver, picked up first one and then another German rifle, shooting the two officers and 15 of the men. One of the officers attacked him with a bayonet and pierced him in the leg below the knee, but the corporal shot him dead. The rest of the enemy attempted to escape. The corporal shot four of them and made the fifth a prisoner. Although wounded in two places he remained in the trenches until the battalion was relieved."

TWO "HONOR MEN" ESCAPE.

Take French Leave from Prison Farm at Beekman, N. Y.

OSSENING, N. Y., Oct. 2. — Escape of two convicts from the "honor gang" working outside Sing Sing prison stirred the Mutual Welfare league, a convicts' organization yesterday to offer rewards of \$100 each for their arrest. The outside branch of the league in New York city also notified Warden Thomas M. Osborne this afternoon that efforts would be made to capture the refugees if they appeared in the metropolis. The men — Thomas Winters, sentenced for burglary, and Edward Kelley, sentenced to life for murder — fled Sunday night from the prison farm at Beekman.

Warden Osborne said the Beekman camp had not been approved by him, but had been established by another warden. He had supposed, he said, that the prison farm was to be used only for short-term convicts. The sending of Winters and Kelly to the camp, it was stated, had been approved by the Welfare league of which they were members.

THREE BREMENS, SAYS SKIPPER

Two Submarines Captured, Third on Way to America.

GALVESTON, Texas, Oct. 3. — That two German merchant submarines named Bremen have fallen into the hands of the entente allies and a third bearing the same name is now en route to the United States is the report brought here by Capt. H. Vanschoonbeek of the Belgian steamer Elizabeth van België, which arrived yesterday from Barry.

Capt. Vanschoonbeek declared one of the submarines was captured by the British and the other by the French. He says he learned this from good authority in France, but he declined to name the port to which the captured ships were taken.

GASOLINE STANDARD SOUGHT.

Department of Commerce Acts on Complaints of Adulteration.

WASHINGTON, Oct. 3. — Constant complaint that automobile users are receiving adulterated gasoline from dealers has prompted the department of commerce to undertake standardization of the oil.

The subject was discussed yesterday by Secretary Redfield and Dr. W. S. Stratton, director of the bureau of standards, and it was agreed that Dr. Stratton should appoint a committee of experts from his bureau to define specifications for a standard gasoline. Later the department will devise methods by which the standard can be made effective.
